

# KNOWING YOU

By Mark Hauth/Michele Wagner

## *intro/Interlude*

### *Verse 1*

Every golden sunrise, every crashing ocean wave  
They tell the story of Your power above  
The stars reveal Your glory, but we know You  
Through the cross of Your great love

### *Chorus*

Knowing You is the heart of our salvation  
Close to You is where we find our home  
We've tasted of Your goodness  
All Your mercy shining through  
There's no greater joy than knowing You

### *Verse 2*

In our times of laughter, in the valleys of our pain  
Lord, Your faithfulness will find us there  
And through the holy pages You draw us  
What deep communion we can share

### *Bridge*

Oh Jesus I want to see your glory  
Hear Your truth dwell in Your presence

And that's how we're changed  
Made into Your likeness  
Time spent with You  
Wrapped in Your loving kindness  
In the secret place where we seek Your face

### *Chorus*

Knowing You is the heart of our salvation  
Close to You is where we find our home  
We've tasted of Your goodness  
All Your mercy shining through  
There's no greater joy than knowing You  
Knowing You
