

NOTHING'S GOING TO STOP THIS LOVE

By Michele Wagner

Interlude

Verse 1

I can remember the day the day I first met you
I was so taken back swept away when I looked in your eyes of blue
Though you had to leave I knew that I should pray
A godly man is worth the wait

Chorus

I'm thankful we don't have to say good-bye
We're committed now forever all our life
What God has joined will never end
Oh nothing's going stop this love
In this world of crazy ups and downs
We have life in Christ on steady ground
Completed in His perfect plan
Oh nothing's going stop this love

Verse 2

It seems we have always known each other from the earliest of days
Our hearts being formed for each other to compliment each other's ways
God knew the time, the day that we would meet
His plan to make us one complete

Bridge

Oh healing way
Perfect gift here to stay
Nothing's going to stop this love
