

SOMETHING WONDERFUL

By Michele Wagner & Phil Madeira Reference: Jeremiah 29:11

Intro/Interlude

Chorus

I think you're gonna do something wonderful
Something's that's truly beautiful
Something my eyes alone can't see
I think you're gonna do something wonderful
Something that's so incredible
Only a heart of faith can believe

Verse 1

Faith has carried my soul through the night, through the perils of everyday life
Oh my prayers are not in vain
Though the future seems unclear, the clouds will disappear
When the sun shines through the rain

Verse 2

Though I can't understand all I see and I don't always know what it means
To give thanks in everything
I will lay my questions down I will lay them at your crown
And I will worship at your feet

Ending

Give me a heart of faith to believe
Give me a heart of faith to believe
