

DON'T HOLD BACK HIS LOVE

By Michele Wagner and Mark Hauth

Verse 1

Closing my eyes, recalling her face
She was oh so wise, seasoned with holy grace
For the Word taught her wisdom
Even now to this day, I can still hear her words gently say
This life isn't long, We don't have time to lose
The way of God's love, that's what our hearts must choose
Our every day He has numbered
So never build walls of pride 'Cause they keep us so trapped inside

Chorus

Don't hold back His love
Just show them your heart
Share the life that's inside
And the beauty that shines through all you are
Let go of your heart before it's too late
There might be someone who's lonely
When you give, there's so much to gain

Verse 2

What do I have to give? That's what I ask myself
Who would need my touch Who'd ever want my help?
But we must always remember that when we live in the light He can use us
to change a life!

Ending

There might be someone whose lonely When you give there's so much to
gain There might be someone whose lonely When you give there's so
much to gain Don't hold back His love
Don't back hold His love Don't back hold His love Don't back hold His love
Don't hold back His love
