

MIRACLE OF HOPE

By Michele Wagner & Trevor Morgan

Verse 1

Hope is the innocent freedom found in the eyes of a child
Trusting that love's all around them facing their fear with a smile
Somehow the years make us colder careful to cover their hearts
Only the hope of a Savior will keep us from falling apart

Chorus

Oh we need your hand of healing We are broken and alone
Like a rushing wind stir our hearts again
With a Miracle of Hope

Verse 2

You promised never to leave us You know the places we hide
Calling us out of the darkness offering grace and new life
How can we run from your mercy why do we run from your love
When will we learn to be faithful trusting your love is enough

Bridge

You alone can save us You alone can set us free

Ending

With your Miracle of Hope
