

OUT OF THE OVERFLOW

Music and lyrics by Mark Hauth/Lyrics by Michele Wagner

Interlude

Verse 1

From the overflow of thankful hearts
We bring our songs to You
For Your death on the cross and Your life in us
Your endless mercy, tender and true
It's like a surging tide
Your love, so deep and wide

Chorus

From the depths of our hearts
We pour out our praise
Like a wellspring of love for Your holy name
A river of worship for all of the blessings You bring
So we sing
Out of the overflow
Out of the over - flow

Verse 2

It's a stream that flows from lives redeemed
And ever runs to You
For You've filled us with hope, a peace we can know
Your healing presence is making us new

And rising from inside
Are songs that sing of life

Bridge

Living water that knows no end
Washing over us once again
Flowing from You, our Redeemer and Friend
Wonderful Jesus
Wonderful Jesus

Repeat Chorus - End

Out of the over - flow
