Intro/Interlude

Verse 1

Feelings of doubt question your worth and hang like storm clouds above you
Silent voices cry out, "Look what you've done!" How could Jesus still love you?
But you're not the nothing they say you are
Remember His scars!
He knew you were...

Chorus

Someone worth dying for
No one could ever love you more
You're precious to Him a shining gem
He didn't mind paying the price
He knew you were someone worth dying for
Forever a priceless jewel for the Lord
He considered the cost then went to the cross
Oh you must have been someone to Him!

Verse 2

Once you see yourself through His hopeful eyes I know you'll start believing
There's incredible wealth found in your life! You were bought for a reason
His death was the path His love just had to take
Your soul was at stake!
He knew you were...

Bridge

You may never have the world's affirmation
But hears a truth too hard to ignore
Your heart was valued at the price of salvation
Worth God Himself dying for!

Ending

Oh you must have been someone to Him!
